## GET SET . . .

### CREATE YOUR PICTURE

- Log onto [www.purplechimp.com](http://www.purplechimp.com). Click on the "CREATE YOUR DESIGN" button. The left side of the screen is your working area where you can combine clip art, photos and words to create your picture. The right side of the screen has buttons where you can find clip art and frames, type words, change fonts and colors and get photos that you have stored on your computer. Monkey around with it - it's fun!

Note: You may also create your picture on your computer using your own programs, clip art, photos, and text.

### PRINT YOUR PICTURE

- Once you have completed your picture, click the "PRINT" button from the site in the middle of your screen. Your printer window will open.
- Place plain paper in your printer first, to make sure that you are happy with the results. Print your picture.
- When you like what you see, place one Print & Stick Decorating Sheet in your printer so that printing occurs on the fabric, not the paper side of the sheet.
- Click the same "Print" button. Your printer window will open again.
- Set your printer to normal quality, plain paper setting. Do NOT reverse or "mirror image". Print picture.
- Allow ink to dry 30 minutes.
- Using a scissors, trim picture to desired shape.

## GO!

### STICK TO PROJECT

- Peel the paper backing sheet off of your printed fabric picture.
- Stick your picture on your project.
- Print & Stick sheets can be repositioned on certain hard, solid surfaces. It cannot be repositioned on paper.
